## **Code of Conduct for School Governors**

This code sets out the expectations on and commitment required from governors in order for the governing body to properly carry out its work within the school and the community.

### **The purpose of the governing body**

The governing body is the school's accountable body. It is responsible for the conduct of the school and for promoting high standards. The governing body aims to ensure that children are attending a successful school which provides them with a good education and supports their well-being.

### **The governing body has the following core strategic functions:**

Establishing the strategic direction, by:

- Setting the vision, values, and objectives for the school
- Agreeing the School Development Plan (SDP) with priorities and targets
- Meeting statutory duties

Ensuring accountability, by:

- Appointing the headteacher
- Monitoring progress towards targets
- Performance managing the headteacher
- Engaging with stakeholders
- Contributing to school self-evaluation

Ensuring financial probity, by:

- Setting the budget against the priorities of the SDP
- Monitoring spending against the budget
- Ensuring value for money is obtained
- Ensuring risks to the organisation are managed

For governing bodies to carry out their role effectively, governors must be:

- Prepared and equipped to take their responsibilities seriously;
- Acknowledged as the accountable body by the lead professionals;
- Supported by the appropriate authorities in that task; and
- Willing and able to monitor and review their own performance.

## **The role of a governor**

In law the governing body is a corporate body, which means:

- no governor can act on her/his own without proper authority from the full governing body;
- all governors carry equal responsibility for decisions made, and
- although appointed through different groups, the overriding concern of all governors is the welfare of the school as a whole.

## **General**

- We understand the purpose of the governing body and the role of the headteacher as set out above.
- We are aware of the Nolan seven principles of public life and agree to adopt them as our core values: see appendix.
- We accept that we have no legal authority to act individually, except when the governing body has given us delegated authority to do so, and therefore we will only speak on behalf of the governing body when we have been specifically authorised to do so.
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all that is expected of a good employer.
- We will encourage open government and will act appropriately.
- We accept collective responsibility for all decisions made by the governing body or its delegated agents. This means that we will not speak against majority decisions outside the governing body meeting.
- We will consider carefully how our decisions may affect the community and other schools.
- We will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school. Our actions within the school and the local community will reflect this.
- In making or responding to criticism or complaints affecting the school we will follow the procedures established by the governing body.

## **Commitment**

- We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy.
- We will each involve ourselves actively in the work of the governing body, and accept our fair share of responsibilities, including service on committees or working groups and as link governors.
- We will make full efforts to attend all meetings and where we cannot attend explain in advance in full why we are unable to.
- We will get to know the school well and respond to opportunities to involve ourselves in school activities.

- Our visits to school will be arranged in advance with the staff and undertaken within the framework established by the governing body and agreed with the headteacher.
- We will consider seriously our individual and collective needs for training and development, and will undertake relevant training
- We are committed to actively supporting and challenging the headteacher.
- We accept that in the interests of open government, our names, terms of office, roles on the governing body, category of governor and the body responsible for appointing us will be published on the school's website.

## **Relationships**

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors.
- We will support the chair in their role of ensuring appropriate conduct both at meetings and at all times.
- We are prepared to answer queries from other governors in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the headteacher, staff and parents, the local authority and other relevant agencies and the community.

## **Confidentiality**

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school.
- We will exercise the greatest prudence at all times when discussions regarding school business arise outside a governing body meeting.
- We will not reveal the details of any governing body vote beyond what is published in the non-confidential minutes.
- The observation of this confidentiality remains in place after a governor's term of office.

## **Conflicts of interest**

- We will record any pecuniary or other business interest (including those related to people we are connected with) that we have in connection with the governing body's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting we will offer to leave the meeting for the appropriate length of time. We accept that the Register of Business Interests will be published on the school's website.
- We will also declare any conflict of loyalty at the start of any meeting should the situation arise.

- We will act in the best interests of the school as a whole and not as a representative of any group, even if elected to the governing board.

**Breach of this code of practice**

- If we believe this code has been breached, we will raise this issue with the Chair and the Chair will investigate; the governing body should only use suspension/removal as a last resort after seeking to resolve any difficulties or disputes in more constructive ways;
- Should it be the chair that we believe has breached this code, another governor, such as the vice chair will investigate.

**The Governing Body of DKH Primary School adopted this code of practice on 21 September 2015.**

As a governor of DKH, I have read and understood this code of conduct and I agree to abide by it.

## **Appendix: The Seven Principles of Public Life**

*Originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations.*

### **Selflessness**

Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

### **Integrity**

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

### **Objectivity**

In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

### **Accountability**

Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

### **Openness**

Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

### **Honesty**

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

### **Leadership**

Holders of public office should promote and support these principles by leadership and example.
