28th June 2019

Dear Year 5 Parents/Carers,

On Monday 1st July, the School Nurse will visit Year 5 to talk to them about puberty. In this session, the school nurse will continue themes already raised through our recent science topic 'Animals including Humans' where we studied the basic concept of reproduction in plants and animals.

The School Nurse will focus on the physical changes that will begin to impact the children as they enter adolescence.

This visit represent an excellent opportunity for the children to receive professional advice and guidance on this matter and ask any questions they may have.

Thank you for your support.

Yours sincerely,
The Year 5 Team
