17<sup>th</sup> March 2020

Dear Parents/ Carers,

## COVID – 19 UPDATE

We are writing to provide a further update on managing the Covid-19 (Coronavirus) outbreak following changes that were reported by the Prime Minister last night.

The most significant changes to highlight from the government are that anyone who has a **new continuous cough or high temperature/fever** should be sent home. This includes parents, children and staff. This is a precautionary measure and does **not** mean that they have confirmed diagnosis of Covid-19. At this point in time, we have **not** had any confirmed cases of Covid-19 here at DKH or in our school community.

**New government advice** states that if any member of a household has a new continuous cough and or high temperature, all members of the household must self-isolate too even if they are well. The household members who are well must also isolate for 14 days. This period starts from the date the first person fell ill. Fourteen days is the incubation period for coronavirus; people who remain well after 14 days are reportedly unlikely to be infectious. Please see the following guidelines for more information: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection#ending-isolation>. As a school, this will include parents, children and staff.

In addition, any person falling within a vulnerable group: persons over 70 years old, people who are normally advised to have the flu vaccine due to a medical condition, and women who are pregnant are advised to minimise social contact. We have exercised this guidance where appropriate.

We have sent staff and children home if they have fallen into any of the categories above, following the guidelines from Public Health England (PHE). I want to make it very clear that this does **NOT** mean they have a positive diagnosis. We are doing what we have been asked to do by the authorities. We continue to monitor the situation very closely.

If any family has a confirmed case of Covid-19 or are self-isolating for any reason you must communicate with the school.

As further precautionary measures, we are taking the following actions from today:

- All trips are **cancelled** till after the Easter break at which time we will review the situation.
  - All assemblies are **cancelled** until further notice.
  - We have taken the decision to **cancel** swimming lessons.
  - Parent events or workshops are **cancelled** until further notice.
- ✓ After school clubs: Sport, music, phonics, booster, chess, yoga etc. breakfast club and after school club **will continue** until further notice.

We have today, reminded all our children and staff to continue washing their hands more often than usual. Our cleaning company is continuing to disinfect and clean the school on a daily basis. In addition, any PE equipment is also sanitised prior to use.

In the event of government direction to close the school, we have already created home learning resources, which are already accessible on the school website. We are in the process of preparing paper packs should this be required.

If your child feels better and no longer has a high temperature, s/he can return to school. If there have not been any signs of improvement and you have not already sought medical advice, you should contact [NHS 111 online](https://www.nhs.uk/111). If you have no internet access, you should call NHS 111.

We have posted a link on our website to NHS handwashing advice and the NHS handwashing song. Please share these with your families.

We understand that this is a very worrying time for children, parents, and staff. We urge you to continue to support each other, your local communities and the school. We are responding as quickly as possible to information as we receive it. Everybody is concerned and we need to come together and support each other to get through this very challenging time.

There are a number of food banks operating in the borough that can support families who may be facing food shortages:

We would like to reiterate again, we do **not** have any confirmed cases of COVID-19 in our school. We are following Public Health England's advice and any member of staff or child with a continuous cough and/or temperature as well as any staff member who is considered vulnerable under the defined vulnerable group is self-isolating.

Any general updates will be posted to the website as well. Please don't hesitate to get in touch if you have any questions or would like to discuss the content of this letter with a member of staff.

Yours sincerely

Ms L. Hillier  
Head of School
