

Planning Grid – Year 6 – Spring 1 2021

PSHE/Mindfulness

Children will be understanding their brains through the Mind Up sessions. They will learn to be in touch with their breathing and be introduced to scenarios and taught how to cope with them in a mindful way. Children will learn to lead class meditation.

PE

- Children will be looking at gymnastics with the Sports Coach
- With the class teacher, they will be learning how to play the team sport of hockey as part of our Invasion Games Unit

RE

Children will explore the role of at least three different religious leaders in the local community. They should have the opportunity to meet at least one of these leaders, whether through visiting their place of worship or inviting them into the classroom virtually to talk about what they do

Topic

World War 2

Year 6 will be immersing themselves in the historical period that none of us can forget...World War 2. Through visits, theatrical teaching, research and visits, children will explore all the main aspects of the war from the Blitz and Evacuation to The Holocaust. Children will be using literacy, art and research skills to try to understand what a huge time this was for our world. We are very excited to share all that we know!

Literacy

(WW2 Non-Fiction Writing)

- To write a non-chronological report on WW2
- To write a chronological report on The Blitz
- To write a persuasive letter

(SPAG FOCUS)

- To use active and passive voice in sentences.
- To use the prefixes 'trans', 'bi', 'tri' and 'semi' correctly.
- To spell words with the correct suffixes correctly.
- To identify homophones and when to use the correct spelling.

Numeracy

- To find and calculate missing angles within diagrams and 2-D shapes.
- To compare and classify 2-D shapes.
- To understand coordinates in all four quadrants, including developing skills using negative numbers, using understanding to draw, translate and reflect shapes on a coordinate grid

Art and Design

- Illustration- Exploring the 'Golden Age of Illustration'
- Giving character to their drawings
- To illustrate their own narrative.
- Exploring a variety of methods and mediums i.e. pen and ink and watercolor.

Science (Animals including Humans)

- To identify the seven nutrients in a healthy diet.
- To identify unbalanced diet problems.
- To learn about muscles and how they work.
- To learn all about the circulatory system and the effect exercise has on this system.
- To learn what drugs are and therefore what medicinal drugs are.

ICT

Web page creation

Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information.
