STATEMENT OF AIMS

The River Hill Federation, made up of Dog Kennel Hill Primary School and Rotherhithe Primary School is an inclusive federation that is committed to making appropriate provision for pupils for whom English is an Additional Language (EAL) and for raising the achievement of ethnic minority pupils and bilingual pupils. Being a speaker of more than one language is no disadvantage to educational achievement and indeed multilingualism is associated with success. This school acknowledges the importance of community languages in their own right. The school also recognises that these pupils may be at risk of underachievement. The school will identify pupil's needs, recognise the skills they bring to school and ensure equality of access to the curriculum.

We aim to:

- Integrate all new children into the school to ensure that they feel safe, happy and achieve well academically.

To ensure that bilingual pupils as well as those who speak EAL are also able to:

- Use English confidently and competently
- Use English to access learning across the curriculum
- Where appropriate, make use of their knowledge of other languages

THE CONTEXT OF THE SCHOOL

Dog Kennel Hill Primary School and Rotherhithe Primary School are inner city schools that have a strong heritage of promoting equality and celebrating diversity. A wide range of languages are spoken by our pupils. Many of our children have a home language in addition to English and may at some time receive additional support to help in English acquisition.

Key Principles for Additional Language Acquisition

- Language is used and developed within purposeful contexts across the curriculum.
- Effective use of language is crucial to the teaching and learning of every subject.
- The language demands of learning tasks are identified and planned for, with attention both to initial access and to extension.
- Access to learning requires attention to words and meanings embodied in each curriculum area. Meanings and understanding cannot always be assumed but need to be explored.
- Teachers have a crucial role in modelling uses of language.
- The focus and use of additional support time are best seen as an integral

part of curriculum and lesson planning.

- All pupils have entitlement to the full curriculum.
- A distinction is made between EAL and Special Educational Needs.
- Language is central to our identity. Therefore, teachers need to be aware of the importance of pupils' home languages and to build on their existing knowledge and skills.
- Many concepts and skills depend on and benefit from well-developed home language and literacy in home language enhances subsequent acquisition of EAL.
- All language, dialects, accents and cultures are equally valued.

TEACHING AND LEARNING – PLANNING AND DIFFERENTIATION

Class teachers differentiate the curriculum to meet the needs of all pupils including those who speak EAL. Scheduled meeting time is available in the morning to ensure that information is communicated to support staff. Plans identify appropriate differentiation strategies.

Particular attention is given to key language features, which are necessary for effective participation. These might be key words, grammar, and use of language forms of text.

Children with EAL may receive additional support in class from a class-based Teaching Assistant. This person will use concrete aids and pictures to enable children to access the curriculum.

LITERACY AND NUMERACY

Clear learning objectives are set within all lessons. Succinct success criteria is used with all pupils to enable them to have clear guidelines about what they need to do to achieve well. The appropriate support and resources are deployed to ensure that all pupils are able to participate in lessons. Teachers review groupings carefully to ensure that children have access to strong English Language peer models.

STRATEGIES

Staff use support strategies to ensure curriculum access. These may include:

- Collaborative group work
- Enhanced opportunities for speaking and listening
- Effective role models of speaking, reading and writing
- Additional verbal support-repetition, alternative phrasing, peer support
- Additional visual support, e.g. poster, objects, non-verbal clues, pictures, demonstration, use of gesture etc.

- Bilingual resources, e.g. dictionaries, key word lists, bilingual children/staff.
- The use of writing/speaking frames
- Opportunities for role play and drama
- Regular feedback from staff and peers
- Discussion is provided before and during reading and writing activities
- Where possible, learning progression moves from concrete to abstract

PLANNING, MONITORING AND EVALUATION – INITIAL ASSESSMENT

On entry to the school information is gathered about:

- The pupil's linguistic background
- The pupil's competence in their home language
- The pupil's previous educational and school experience
- The pupil's family and biographical background

SPECIAL EDUCATIONAL NEEDS AND GIFTED AND TALENTED PUPILS

The school recognises that most pupils who speak EAL needing additional support do not have special educational needs. However, should additional needs be identified during assessment, pupils who speak EAL will have equal access to the school's SEN provision.

Similarly, the school recognises that pupils who speak EAL may be academically talented even though they may not be fully fluent in English.

EYFS

Children new to English within Reception and Nursery will be assessed alongside their peers using the Early Years Foundation Stage profile.

ASSESSMENT AND RECORD KEEPING

The needs of pupils who speak EAL is discussed termly with the Senior Leadership Team and Class Teacher during Pupil Progress Meetings.

The school will ensure that pupils who speak EAL have access to statutory assessments, making full use of special arrangements including support where appropriate.

The school analyses EAL/Bilingual and Ethnic minority pupil's achievement regularly and evaluates the effectiveness of additional support provided in terms of pupil progress.

We aim to ensure that our written and spoken communications with families and with the community is effective through the use of plain English, translators and interpreters.

We aim to work closely with members of the wider community to support our pupils who speak EAL.

STAFF DEVELOPMENT

The school will enable all staff to undertake professional development to ensure that provision for pupils with EAL is appropriately delivered and coordinated.

The School Improvement Plan will incorporate action plans and reviews relating to raising the achievement of ethnic minority/pupils who speak EAL.

REVIEW AND EVALUATION OF POLICY

School data analysis will include relevant information on ethnic minority pupils/pupils with EAL and will ensure that their achievement and progress are monitored carefully. This will enable the school to set appropriate targets.

The evaluation process will serve the basis for planning programmes of action and targeting time, support and resources.

TERMS OF REFERENCE – ETHNIC MINORITY PUPILS
