Jigsaw – Healthy Me

- I recognise how different friendship groups are formed, how I fit into them and the friends I value the most.
- I understand there are people who take on the roles of leaders or followers in a group, and I know the role I take on in different situations.
- I understand the facts about smoking and drinking alcohol and their effects on health.
- I can recognise when people are putting me under pressure and can explain ways to resist this when I want.
- I know myself well enough to have a clear picture of what I believe is right and wrong.
