## Our Curriculum

The **Relationship, Sex and Health Education (RSE) curriculum** became statutory in September 2020. Relationships and Sex Education supports and guides children and young people in lifelong learning about relationships, emotions, the human biology of sex and sexuality. It is **compulsory** for all primary school children to receive relationship education. At DKH we follow the Christopher Winter's Project. **You can find out more [HERE](#)** as well as watch a video, which provides further information and answers **frequently asked questions, [HERE](#)**.

Please note the RSE lessons will begin after the May Half Term.

**Good attendance is essential** for pupils to get the most out of their school experience, including their attainment, wellbeing, and wider life chances.

**Schools have a responsibility** to proactively manage and improve attendance across their school community.

**Ms Nichols**, our Safeguarding and Intervention Officer, is here to help and support. Please feel free to contact her via the school to organise a meeting or phone call.

Your responses will really help the council to understand how well the current support and provision is working and will hopefully contribute to positive changes, to supporting children with SEND, in the future. You can also scan the following QR code to complete the survey.
